Assault		Clun	
Malicious communications		Clun	

Anyone with any information as to whom carried out these crimes please contact West Mercia Police on **101** or Crimestoppers **0800 555111**

## Preventing vehicle thefts

This last month has seen a spike in thefts of vehicles around Bishop's Castle, believed to be conducted by a criminal gang travelling into the area. Please take note of the following security advice to help prevent any further thefts.

Keep your vehicle locked. Always locking your car when you leave it goes without saying, but make sure you double check the car is actually locked, check each door and the boot to make sure. Many modern vehicle's have wing mirrors that fold in automatically when locked, criminals will look for vehicles like these where the wing mirrors are still out as it makes it clear that the vehicle has been left unlocked.

Although we are aware of only one offence of this type in the last 12 months, another method of car theft is known as a relay attack, a method being used increasingly by car thieves on vehicles that use keyless entry. This involves two criminals working together using electronic signal relay devices to clone a vehicles key. One criminal will use a device to receive the key signal from inside the home, transferring the signal to a second box, which is placed alongside the car. This tricks the car into 'thinking' the key is there, allowing the thieves to unlock the vehicle and drive away.

Although the signal can pass through doors, walls and windows, it cannot penetrate metal, so placing the keys inside a metal box, signal blocking wallet known as a Faraday pouch, safe or even your microwave should protect your vehicle from a 'relay attack'.

If you own an older vehicle which have poor locks that are easily bypassed like an old Land Rover or previous generations of the Ford Transit please consider fitting anti-theft devices like a steering wheel lock.

If you see any suspicious activity please try and report it at the time by ringing **101** or **999** if you witness a vehicle being stolen. Please try and gain as much information as possible when reporting such as a description of the offenders and the vehicle they are travelling in.
